

SOUTH ORANGE VILLAGE 2024 CURBSIDE RECYCLING GUIDELINES

PUBLIC WORKS
SOUTH ORANGE VILLAGE

DUAL STREAM RECYCLING What You Need to Know

Materials need to be separated for two distinct pickups

on **alternating weeks**: one week exclusively for **Fibers** (cardboard, paper) and the next week for **Commingled** (plastic, glass, and metal containers). Cross contaminated loads or materials put out on the wrong week will not be picked up. More information at southorange.org

MISSED PICKUP? Contact F. Basso, Jr. Rubbish Removal 973.483.1671

This is a message service only which triggers automatic next-day pickup of missed recycling when reported by 6am of the following day.

PUBLIC WORKS INFORMATION 2024

SEASONAL INFORMATION

LARGE BRANCH PICKUP

(4th Tuesday)

June 25

July 23

August 27

September 24

SNOW REMOVAL

Snow removal will begin in the Village when three or more inches of snow have fallen on Village streets. Public Works vehicles will make four passes on each street; two down the center and one near each curb. Depending on the volume of snow, roadways will be plowed more than once.

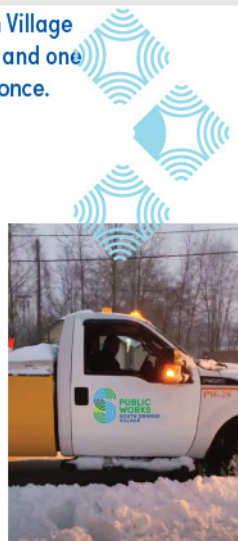

FOLLOWING THESE GUIDELINES MAKES SNOW SEASON BETTER FOR EVERYONE.

VEHICLES:

- Remove cars from the street as soon as possible before a storm. Salting of roadways will begin prior to snow plowing.
- Park vehicles in driveways* to allow curb to curb plowing.
*On street permits may park in the 3rd St. Garage.
- If you park on a street you are expected to clear the area around your vehicle.

SNOW REMOVAL:

- Delay driveway shoveling until after streets are plowed. Plowed snow will build up on your driveway apron. This is unavoidable.
- Avoid shoveling or blowing snow into the street (tell your private contractor).
- Shovel sidewalks within 12 hours of daylight after a snowfall.
- Walkway and driveway shoveling allows emergency services to access homes in the event of a fire, illness, or public safety emergency.

TREES

Help us maintain our urban forest. Contact the Department of Public Works for municipal street tree planting, pruning and elevation, and stump grinding requests.

WHY PLANT TREES?

- Trees improve air quality by supplying oxygen and absorbing carbon dioxide.
- Trees reduce heating and cooling costs by regulating ambient temperature and creating shade, and by evaporative cooling.
- Trees absorb stormwater and help reduce flooding.
- Trees reduce erosion and filter pollutants.
- Trees improve neighborhood aesthetics and add to property values.

MULCH AND HUMUS

PICKUP:

Mulch and humus are available for pickup year round at the DPW Recycling Center while supplies last.

DELIVERY:

Delivery fee of \$50 for 2-5 cubic yard loads.

April 19, May 24, June 21, or July 19, by appointment only via the website.

June 22 November 16

PAPER SHREDDING EVENTS

SATURDAY 8am - noon,
unless truck is filled earlier

April 6 October 7

SEASONAL SERVICES

CHRISTMAS TREE PICKUPS

Christmas trees will be picked up from the curb beginning the first full week of January. Trees must be free of ornaments, lighting, wire, decorations, plastic wrap or tree stands. No wreaths or other holiday decorations will be collected.

SPRING CLEANING: April 1 – May 6, 2024

BRANCHES: Two inches in diameter and smaller, bundled at the curb.

LEAVES: Place leaves and yard clippings in brown biodegradable paper bags (no plastic).
Do not rake leaves into a pile in the street at this time of year.

GRASS CLIPPINGS: The Department of Public Works does not take grass clippings under any circumstances. Contact your garbage collector or landscaper for pickup.

LEAF SEASON: October 28 – December 9, 2024

Pile leaves no wider than 4 feet, for traffic safety, leaving a 6 – 12-inch gap between the curb and pile to allow storm water to pass to catch basins.

Do not block fire hydrants or driveways, for everyone's safety

Do not place tree limbs, branches, grass, or other yard waste at the curb (or in piles) at this time. These can damage leaf processing equipment and will not be picked up during leaf season.

Follow the leaf map for increased efficiency.

For County road leaf pickup schedules, contact Essex County at (973) 239-3366.
